● ABOUT ME

Enthusiastic and detail-oriented web developer with expertise in a modern technology stack, including React, JavaScript, React TypeScript (React.ts), Next.js, and Tailwind CSS. I have experience in developing and implementing responsive web applications, creating scalable and visually appealing solutions. Proficient in building user interfaces and integrating advanced functionalities, I use React and Next.js to deliver robust, maintainable code. My skills with Tailwind CSS enable me to design and execute high-quality, responsive layouts. Adept at problem-solving and thriving in dynamic environments, I am committed to continuous learning and improvement. I am currently seeking opportunities to contribute to innovative projects and join a forward-thinking company where I can apply my technical skills and grow professionally. I am excited to bring my problem-solving abilities and dedication to a team focused on cutting-edge web development.

● WORK EXPERIENCE

01/11/2023 – 11/2023 India, India
WEB DEVELOPER INTERN CHOICE

- **Developed Web Pages:** Created and implemented responsive web pages using HTML, CSS, and JavaScript based on project requirements and design specifications.
- **Implemented Interactive Features:** Designed and integrated interactive elements and dynamic functionality into web pages, enhancing user engagement and experience.
- **Optimized Front-End Performance:** Applied techniques to optimize website performance, including reducing load times through efficient coding practices and resource management.
- **Maintained Code Quality:** Ensured high-quality, maintainable code by following best practices for HTML, CSS, and JavaScript, and conducting thorough self-reviews.
- **Resolved Technical Issues:** Diagnosed and fixed bugs and issues in web applications independently, ensuring seamless functionality and user experience.
- **Adhered to Design Specifications:** Translated design mockups and wireframes into fully functional web pages, ensuring accurate implementation of visual and functional requirements.
- **Conducted Testing and Debugging:** Performed comprehensive testing and debugging of web pages to identify and address issues, ensuring cross-browser compatibility and responsiveness.
- **Managed Time Effectively:** Successfully completed assigned tasks within deadlines, demonstrating strong time management and organizational skills.
- **Documented Development Work:** Created and maintained detailed documentation for completed tasks, including code comments and procedural notes to support future reference and project continuity.
- **Utilized Version Control Systems:** Used version control tools to manage and track changes to code, ensuring consistent and up-to-date project files.
