About Me

Abiola is a skilled Frontend Developer with Expertise in **REACT, Typescript, Next.JS, JavaScript, HTML, CSS** and **Tailwind CSS**. He specializes in building responsive, user-friendly web-applications with clean and efficient code. Known for his adaptability, problem-solving mindset, and eagerness to learn, Abiola thrives in both independent and collaborative development environments.

TECHNOLOGY STACKS

HTML, CSS, JavaScript, TypeScript, React, Next.js, Tailwind CSS, Bootstrap, Redux, Git, GitHub, RESTful APIs, Figma, C.

Experience

TROCAH

JUNIOR FRONTEND DEVELOPER: 03-2025 – TILL DATE.

As a **Junior Frontend Developer** at **Trocah**, Abiola contributed to the development and maintenance of dynamic, responsive web applications using **React**, **TypeScript**, and **Next.js**. He worked closely with senior developers to implement user-friendly features and ensure seamless functionality across different browsers and devices.

Abiola played a key role in consuming and integrating **RESTful APIs** to deliver dynamic data-driven experiences, ensuring smooth communication between the frontend and backend systems. He also followed best practices to optimize web performance, including improving page load times and ensuring efficient data handling. With a focus on clean, maintainable code, Abiola adhered to coding standards and participated in code reviews, learning and improving his skills while collaborating with team members. He contributed to testing and debugging web applications, ensuring the highest quality and responsiveness. Throughout his work, Abiola remained

committed to continuous learning and improving his expertise in frontend technologies.

BINCOM DEV-CENTER NIGERIA

MOBILE APP DEVELOPER: 08-2024 - 09-2024

As a **Mobile App Developer** at **Bincom Dev Center**, Abiola was responsible for developing and maintaining mobile applications using **Cordova**. He designed and implemented interactive and responsive mobile features that enhanced user engagement and overall experience. By leveraging Cordova, he was able to deliver cross-platform mobile solutions, ensuring that the app performed consistently across both Android and iOS.
He worked closely with cross-functional teams to translate business requirements and design specifications into functional, high-quality mobile applications.
Abiola applied best practices in mobile development, focusing on optimizing app performance and reducing load times. Additionally, he utilized **HTML**, **CSS**, and **JavaScript** to build and maintain mobile web views, ensuring seamless integration of app components.
He was also responsible for debugging, troubleshooting, and resolving any technical issues that arose, providing efficient solutions to improve app functionality. He ensured the apps were properly tested and debugged to guarantee optimal performance across devices. By adhering to project timelines and collaborating effectively with team members, Abiola helped deliver projects on time and within scope.

INTERNCHOICE India

FRONTEND WEB DEVELOPER: 11-2023 - 12-2023

As a Frontend Developer, Abiola created and implemented responsive web pages using **HTML**, **CSS**, and **JavaScript** based on project requirements and design specifications. He designed and integrated interactive elements to enhance user engagement and overall experience, while optimizing front-end performance by reducing load times through efficient coding practices and resource management. He ensured the quality and maintainability of his code by following best practices and conducting thorough self-reviews. He also took ownership of troubleshooting and resolving technical issues, ensuring seamless functionality across web applications. He translated design mockups and wireframes into fully functional web pages, always adhering to visual and functional specifications. In addition, He performed comprehensive testing and debugging to ensure cross-browser compatibility and responsiveness. His strong time management skills allowed him to consistently meet deadlines, and he maintained detailed documentation for each project to support future reference and continuity. Throughout his development work, Abiola utilized

version control tools like Git to manage and track code changes, ensuring collaboration and up-to-date project files.

Education

BACHELOR'S DEGREE – 2024-TILL DATE

Universiade dé Évora: Computer Engineering.
